LOCAL EXCHANGE TARIFF

1.1 GENERAL

1.1.1 This tariff applies to telephone service furnished or made available by the Southwestern Bell Telephone Company in the state of Missouri and is governed by the General Exchange Tariff, P.S.C. Mo.-No. 35, which is hereby made a part of this tariff. The charges quoted are for periods of one month and are payable monthly in advance.

1.1.2 Where Extended Area Service is provided which involves an exchange or zone of Southwestern Bell Telephone Company and another telephone company, Extended Area Service rate additives apply to all customers served from the Southwestern Bell Telephone Company exchange or zone.

1.1.3 Multiparty Service

At locations where facilities permit, multiparty service is not offered to customers requesting new telephone service or to customers requesting a change in their existing telephone service.

Those locations in which facilities permit the exclusive provision of one-party service for all customers within the area will be designated on the appropriate Exchange Area Map, Zone Area Map and/or Base Rate Area Map of the Local Exchange Tariff approved by the Missouri Public Service Commission. Existing multiparty customers will be allowed to continue their service until such time as they are upgraded by the Telephone Company as shown on the approved maps. At the time the customer's multiparty service is upgraded to one-party service, the application of the normal Service and Equipment Charge will not apply.

The multiparty conversion will consist of the following:

1. The Telephone Company will remove the party-line instrument adapter, or, if modifiable, rewire the instrument. The customer will not be charged for a premises visit or for rewiring the instrument when required.
2. One-party rates will be effective for each customer on the date the customer's service is upgraded to one-party service. Where service is furnished to customers located outside the base rate area, a mileage charge also applies as specified in Section 12 of the General Exchange Tariff.
